Panasonic *.mts Dateien bearbeiten:

```
-----  
http://www.upubuntu.com/2011/11/how-to-convert-mts-video-files-avchd-to.html  
  
ffmpeg -i your_file.MTS -acodec copy -vcodec libx264 -crf 21 -r 30000/1001 -  
deinterlace -vpre lossless_medium -y -threads 0 output_file.avi  
  
ffmpeg -i your_file.MTS -acodec copy -vcodec mpeg4 -crf 21 -r 30000/1001 -  
deinterlace -vpre lossless_medium -y -threads 0 output_file.avi  
  
ffmpeg -i INPUT-FILE.mpg -f mp4 -vcodec libx264 -preset fast -profile:v main
```

```
-acodec aac OUTPUT-FILE.mp4 -hide_banner
```

```
# 20180714:
```

```
apt-get install libavcodec-extra-53
```

```
avconv -i file.mpg -c:v mpeg2video -q:v 2 -c:a libmp3lame output.mp4
```

How to Convert MTS to AVI in Linux:

<http://justplainobvious.blogspot.de/2010/06/how-to-convert-mts-to-avi-in-linux.html>

HOWTO: Convert and write AVCHD (.mts) to DVD with Linux:

<http://blog.mymediasystem.net/avchd/howto-convert-and-write-avchd-mts-to-dvd-on-linux/>

Transcoding MTS/M2TS AVCHD Video Into AVI Files with Free Software:

<http://www.fsckin.com/2008/01/03/transcoding-mtsm2ts-avchd-video-files-with-free-software/>

HD TS-sTream in MPEG umwandeln

```
ffmpeg -i Tagesschau_HD_original.ts -vcodec copy -acodec copy  
Tagesschau_HD_original.mpg
```

Fehler korrigieren:

```
ffmpeg -i 9_-_NINE.mpg -ignore_unknown -c copy 9_-_NINE_neu.mpg
```

in MP4 wandeln

```
ffmpeg -i Tagesschau_HD.mpg Tagesschau_HD.mp4
```
